Delo® FleetPRO™ is a heavy-duty diesel engine oil specifically formulated to meet API CH-4. Its robust performance is designed for use in diesel engines, in commercial fleets and off-highway vehicles.

Why upgrade from a monograde to a multigrade engine oil?

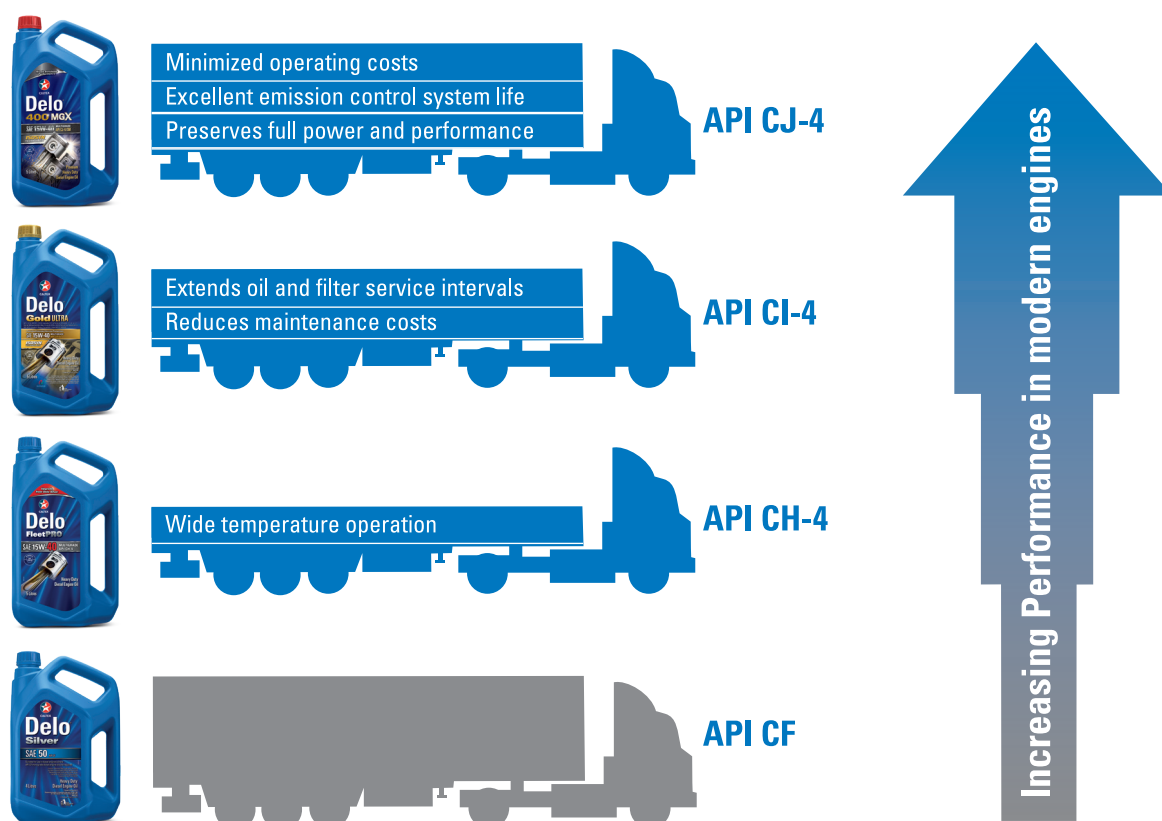

The new generation of multigrade diesel engine oil is developed to provide “all season” performance, providing both low temperature and high temperature film thickness. The new Delo® FleetPRO™ multigrade has significant performance over Delo® Silver monograde series as stated below:

- **Lower Oil Consumption over the engine lifecycle:**
Extends oil durability
- **Better pumpability at start-up:**
Reduced engine wear at start up and save on repairs
- **Prevents Corrosion :**
Designed to provide better corrosion protection
- **Improved fuel economy:**
Reduced internal engine frictional losses

Delo® FleetPRO™ recommended for:

- Mixed fleets of diesel engines
- Commercial road transport
- Off-highway vehicles
- Agricultural tractors and farm machinery
- High speed diesel engines in marine service

Caltex Delo® product offering: Improving API performance and protection

Product Information:

Product Name	Pack Size
Delo® FleetPRO™ SAE 15W-40	1L, 5L, 20L, 208L and Bulk
Delo® FleetPRO™ SAE 20W-50	5L, 20L, 208L and Bulk
